§ 2812.3-4

representation or commitment that a permit will issue. Upon demand by the authorized officer, the applicant will fully and promptly comply with all the requirements imposed under and by this paragraph. Advance construction will not be authorized unless and until applicant has complied with §§ 2812.1-1, 2812.1-2, 2812.3-1 and 2812.5-1.

§ 2812.3 Right-of-way and road use agreement.

§ 2812.3-1 Rights over lands controlled by applicant.

Where, in the judgment of the authorized officer, it appears necessary in order to carry out the policy set forth in § 2812.0-6, he may require the applicant, as a condition precedent to the issuance of the permit:

(a) To grant to the United States, for use by it and its licensees and permittees, rights-of-way across lands in the O. and C. area directly controlled by the applicant; and as to lands in such area which are indirectly controlled by him, either to obtain such rights for the United States or to make a showing satisfactory to the authorized officer that he has negotiated therefor in good faith and to waive as to the United States, its licensees and permittees any exclusive or restricted right he may have to such lands as are indirectly controlled by him.

(b) In addition, to agree to permit the United States and its licensees, upon the payment of fair compensation as hereinafter provided, to use under the terms and conditions of this paragraph such portion as the applicant directly controls of the road system and rights-of-way which are an integral part of or may be added to the road system with which the right-of-way applied for will connect, and as to the portions of such road system or rights-of-way as the applicant indirectly controls, either to obtain such rights for the United States and its licensees or to make a showing satisfactory to the authorized officer that he has negotiated therefor in good faith and, in such latter circumstance, to waive as to the United States and its licensees any exclusive or restricted right he may have in such portion of the road system and rights-of-way.

§ 2812.3-2 Other roads and rights-of-way controlled by applicant.

In addition to the private road systems and rights-of-way described in § 2812.3-1 in the event the applicant controls directly or indirectly other roads or rights-of-way in any O. and C. area where the authorized officer of the Bureau finds that, as of the time of filing or during the pendency of the application, the United States is unreasonably denied access to its timber for management purposes or where, as of such time, competitive bidding by all prospective purchasers of timber managed by the Bureau in the O. and C. area, or of other Federal timber intermingled with or adjacent to such timber, is substantially precluded by reason of the applicant's control, direct or indirect, of such roads or rights-of-way, the authorized officer may require the applicant to negotiate an agreement granting to the United States and its licensees the right to use, in accordance with the terms and conditions of this paragraph such portion of such roads or rights-of-way as may be necessary to accommodate such management or competitive bidding.

§ 2812.3-3 Form of grant to the United States, recordation.

Any grant of rights to the United States under this section shall be executed on a form prescribed by the Director which shall constitute and form a part of any permit issued upon the application involved. The applicant shall record such agreement in the office of land records of the county or counties in which the roads, rights-of-way, or lands, subject to the agreement are located, and submit evidence of such recordation to the appropriate district manager.

§ 2812.3-4 Where no road use agreement is required.

Where, in the judgment of the authorized officer, it is consistent with the policy set forth in subpart 2811 he may issue a permit without requesting the applicant to grant any rights to the United States under this paragraph.
